  - (i) Winter Fuel Payments

Councillor Kelly to move:

The Council acknowledges the serious problem of fuel poverty in Belfast and Northern Ireland and believes that the British Government and the Northern Ireland Assembly need to do more to eradicate the problem. The Council notes with concern the adverse impact that rising fuel prices and the Government's plans to cut Winter Fuel Payments are likely to have on the ability of the most vulnerable to keep warm and healthy this winter. Accordingly, the Council agrees to write to the Social Development Minister, Nelson McCausland, expressing these concerns and requesting that he continues to work to ensure that the Government reverses its decision and maintains the Winter Fuel Payments this winter at its current levels.

The Council welcomes the proposal in the Executive's draft Budget for 2011-2015 to provide a sum of £20m for a Social Protection Fund that will aim to assist those most in need within the community. However, the Council is concerned that this commitment is only for the first year of the budget period and calls upon the Executive to give a clear undertaking that the provision will be extended for the full four year

(ii) Programmes to Mitigate the Impacts of Recession

Councillor McCarthy to move:

The Council recognises the importance of both local and central Government taking a lead on programmes to mitigate the impacts of recession.

Within our own range of functions and economic spend, there are significant opportunities to employ the long-term unemployed, offer placements for graduate trainees, create Steps to Work training opportunities and provide an enhanced Community Outreach Scheme, to include placements across the Council services to those serving Community Service Orders.

The Council requests the Strategic Policy and Resources Committee to consider how new work, training or placement opportunities could be integrated into all Council spend – both internally and externally.

The Members of Belfast City Council are hereby summoned to attend.

PETER McNANEY
