**Special City Growth and Regeneration Committee,
Wednesday, 27th March, 2024**

**Presentation -
Living with Water Team**

The Chairperson welcomed Mr. S. Richardson, Director of Living with Water Programme, to the meeting.

Mr. Richardson provided an overview of the Living with Water Programme and the review process which was currently underway in relation to the Strategic Drainage Infrastructure Plan for Belfast.

During discussion, in response to Members questions in relation to local Wastewater Pumping Station upgrades, Mr. Richardson advised that updates could be provided by Northern Ireland Water in due course.

The Committee then considered the report and associated appendices in relation to the item.

During further discussion, the Director of Property and Projects advised that the Committee discussions would inform the Council's response to the review in line with the feedback timeline, however, the opportunity to provide a further response could be considered once budgets for the programme had been finalised.

The Chairperson thanked Mr. Richardson for his attendance and he retired from the meeting.

After discussion, the Committee:

- noted the information which had been provided and that, where relevant, the LWW team would provide further information on the issues raised; and
- noted that a review of the LWW programme was currently underway and authorised officers to submit a written response to LWW on the interim review findings informed by the Committee discussions.
