

Proposed Ground Floor Plan
Scale 1:100

NOTES

1. Verifying Dimensions: The contractor shall verify dimensions against each other drawings or the conditions as per part of the work.
2. Services: Approved openings for services through the structure are incorporated on the drawing. Any additional openings of a major nature required by the main contractor or the subcontractors must be submitted on a drawing for approval before work commences.
3. Existing Services: Any services occupying the location of existing services (indicated on the drawing) is intended for general guidance only. It shall be the responsibility of the contractor to determine and verify the exact horizontal and vertical alignment of all cables, pipes, etc. (both underground and overhead) before work commences.
4. Issues of Drawings: Hard copies, dwf and pdf will form a controlled issue of the drawing. All other formats (dwg, dxf, etc.) are deemed to be an uncontrolled issue and any work carried out based on these files is at the contractor's own risk. RPS will not accept any drawings for issue or any drawings being held of its dimensional measurements, compatibility issues with the contractor's software, and any errors arising when these files are used to aid the contractor's drawing production, or setting out on site.
5. DATUM
6. CONCRETE MIX TYPE COVER FINISH
