Dear Dermot,

Antrim and Newtownabbey Local Development Plan 2030

Further to our meeting on Friday 13 January 2017, I wish to advise that we have published our Preferred Options Paper and a number of other documents. A formal consultation has been sent to the Chief Executive of your Council. Full details are available on our website

(<http://www.antrimandnewtownabbey.gov.uk/Council/Planning/Local-Development-Plan/Local-Development-Plan-2030>).

At this early stage we have identified a range of options, including those relating to settlement hierarchy, employment and industry, retailing, housing growth, and the countryside.

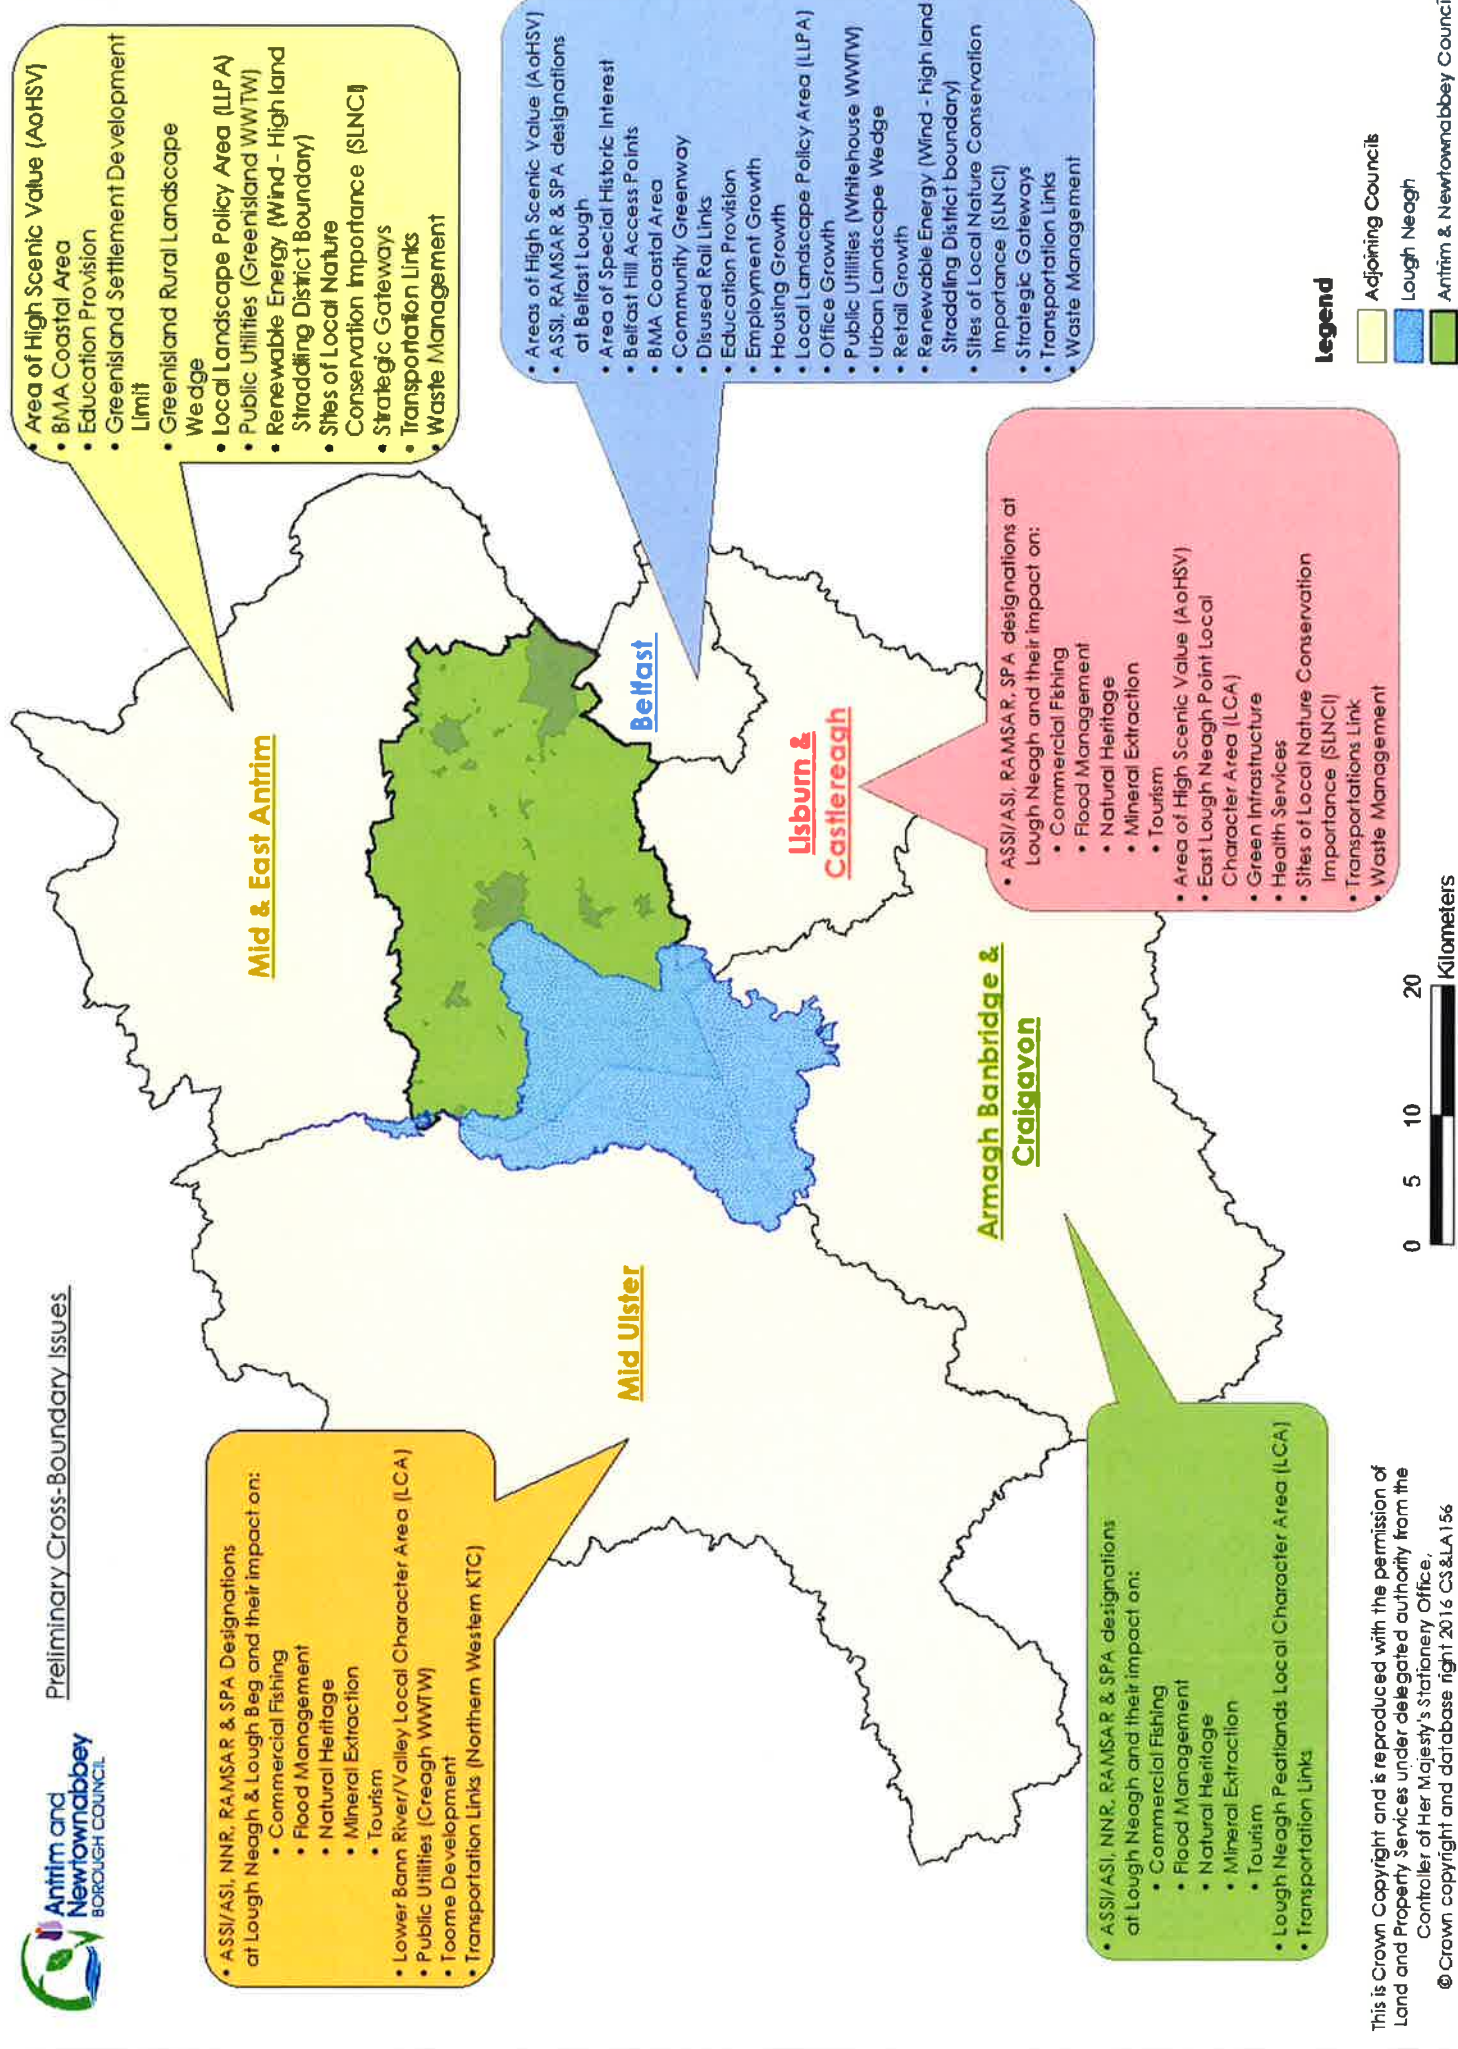

In addition, we have also identified a number of cross boundary issues. These are shown on the attached map.

I look forward to continue working with you on our respective Local Development Plans as they progress.

Yours sincerely,

Sharon Mossman
Principal Planning Officer
Forward Planning Team
