Just wondering if you, or other appropriate personnel, might be available during the weeks beginning 15th or 22nd January to discuss how the council may be able to support these individuals and the wider team? The financial support provided by Belfast City Council at previous Games has been invaluable. For Glasgow 2014, this amounted to £15,000.

We are currently preparing the Games booklet for TeamNI and are keen that all supporting councils are offered space within it. Our plans are also advancing for the TeamNI dinner at the Waterfront Hilton on Friday 16th February at which would like all supporting local authorities to be represented.

Best regards,

Conal
