

**Development Management Report
Committee Application**

Summary	
Committee Meeting Date: 11 December 2018	
Application ID: LA04/2017/1216/F	
Proposal: Residential development comprising 45 dwellings and 8 apartments and associated access road, parking and landscaping (53 units in total)	Location: Lands at Upper Dunmurry Lane Belfast BT17 0HG (Lands between and to rear of 142 Upper Dunmurry Lane and No. 1 Dunmurry Close)
Referral Route: Major application (exceeds 50 dwellings)	
Recommendation:	Approval
Applicant Name and Address: Choice Housing Association 37-41 May Street Belfast BT1 4DN	Agent Name and Address: Turley Hamilton Street 3 Joy Street Belfast City Council BT2 8LE
<p>Executive Summary:</p> <p>The proposal is for a social residential development comprising 45 dwellings and 8 apartments and associated access road, parking and landscaping (53 units in total). The applicant is Choice Housing Association.</p> <p>The key issues in the assessment of the proposed development include:</p> <ul style="list-style-type: none"> • The principle of the development at this location; • Design and layout • Impact on the character of the area • Impact on amenity; • Impact on the setting of a listed building; • Trees and landscaping. • Traffic Movement and Parking; • Drainage and Flooding; • Impact on flora and fauna; • Contamination; <p>The site is located within the development limits of Belfast in the BUAP 2001 and Draft BMAP 2015 (dBMAP) and is zoned for housing under ML 03/06 under dBMAP.</p> <p>Given the development plan zoning and the surrounding context which is predominantly housing, the principle of housing at this site is acceptable subject to detailed design and layout considerations.</p> <p>The layout accords with supplementary guidance in terms of separation distances between proposed and neighbouring existing buildings. Residential amenity of existing and prospective residents will not be adversely affected due to sufficient separation distances and proposed boundary treatments. The layout broadly accords with the suburban character of the locality in terms of built form and density.</p> <p>Amenity space provision for the dwellings and apartments is generally in excess of minimum standards as set out in supplementary guidance. The dwellings have private gardens and outdoor communal garden areas are proposed for the apartments, which includes seating and</p>	

landscaped areas. An area of communal open space is provided centrally within the development in accordance with PPS8 and with further amenity areas around the site periphery. Within this suburban context, the level of open space provision is considered acceptable.

Consultees including Environmental Health, DFI Roads, Rivers Agency, NIEA, NI Water, Shared Environmental Services, have no objection to the proposal subject to conditions.

No written representations from any elected representatives have been received. However Councillor Brian Heading, SDLP, MLA Órlaithí Flynn, Sinn Féin and Councillor Séanna Walsh, Sinn Féin attended meetings facilitated by BCC planners to listen to concerns raised by the local residents' group.

A high volume of representations (662) have been submitted objecting to the proposal. These consist of individual letters, submissions from the local residents' association and pro-forma letters.

The objections are summarised as follows:

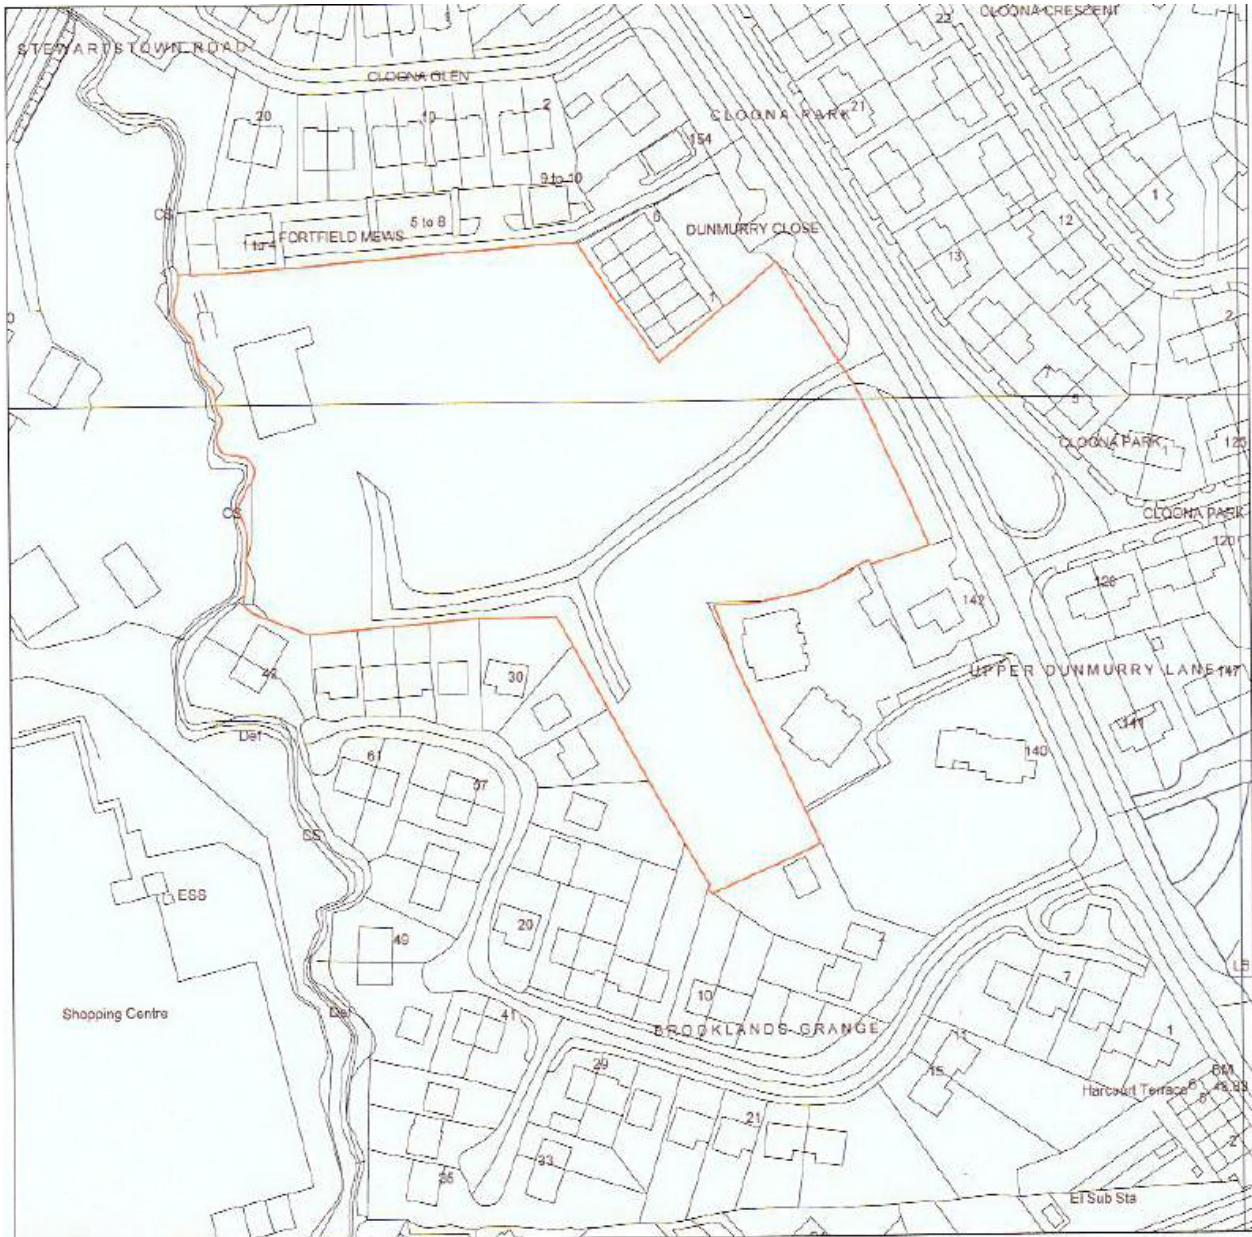

- Impact on the character of the area;
- Cumulative impact of this proposal with recent approvals and impact on local infrastructure;
- Density is too high for the area;
- Contrary to Planning Policy Statement 7 Quality Residential Environments and Policy EXT 1 of PPS 7 addendum;
- Inappropriate design in terms of scale, massing, proportions, inadequate landscaping, no provision of local neighbourhood facilities, inadequate car parking, inadequate cycling provision, inadequate fencing;
- Impact on residential amenity;
- Loss of natural light and sunlight;
- Overlooking, loss of privacy;
- Overdevelopment of the site;
- Noise disturbance;
- Contrary to PPS 3 AMP2 Access to public roads;
- Traffic safety, lack of traffic calming measures and congestion;
- Contrary to PPS 8 Loss of open space;
- No formal community or formal recreational facilities;
- Contrary to PPS 2 Natural Heritage-impact on protected species and habitats;
- Poor place making;
- Asbestos;
- Anti-social behaviour;
- Boundary treatments highlighting the need for a 3-4m high palisade fence;
- Loss of mature trees.

These issues have been addressed in the main body of the report below.

Having had regard to the development plan, relevant planning policies and other material considerations the proposal is considered acceptable. It is recommended that the proposal should be approved subject to conditions as set out in the case officer report and members are requested to delegate authority to the Director of Planning and Building Control to finalize the wording of conditions.

Case Officer Report

Site Location Plan

SITE LOCATION MAP

Scale 1:1250

Representations:

Letters of Support	None Received
Letters of Objection	664 Received

Neighbour Notification Checked: Yes

1.0 Characteristics of the Site and Area

The application site is located off Upper Dunmurry Lane in West Belfast. It is approximately 1.54 hectares in size and consists of an irregular parcel of land covered in grass, shrubs, saplings and mature trees. The site has an existing access point onto Upper Dunmurry Lane. There are

landscaped areas dotted around parts of the site periphery. The site falls gradually from east to west but overall the topography of the site is generally flat. The Derriagh river is adjacent to the western boundary. The site is bounded by a mixture of apartment blocks, semi-detached dwelling to the north and south. The Dairy Farm shopping centre complex is located south west of the site. The eastern boundary is secured by 2.5m high palisade fencing. The wider area consists of a mixture of detached and semi-detached dwellings with a mix of heights, designs and finishes.

2.0 Proposal

Residential development comprising 45 dwellings and 8 apartments and associated access road, parking and landscaping (53 units in total). The scheme is a social housing development.

Planning Assessment of Policy and Other Material Considerations

3.0 Site History

S/2002/0343/F-A 50 unit mixture of housing tenure was granted planning permission approved but lapsed in October 2007. Apartments, townhouses, semi-detached and detached.

4.0 Policy Framework

- 4.1 Belfast Urban Area Plan 2001 & draft Belfast Metropolitan Area Plan 2015
- 4.2 Strategic Planning Policy Statement (SPPS)
- 4.3 Planning Policy Statement 2 (PPS2) – Planning and Nature Conservation
- 4.4 Planning Policy Statement 3 (PPS3) - Access, Movement and Parking
- 4.5 Planning Policy Statement 6 (PPS 6)- Planning, Archaeology and the Built Heritage
- 4.6 Planning Policy Statement 7 (PPS7) – Residential Development
- 4.7 Planning Policy Statement 12 (PPS12) – Housing in Settlements
- 4.8 Planning Policy Statement 15 (PPS15) - Planning and Flood Risk
- 4.9 Planning Policy Statement 6 (PPS 6)- Planning, Archaeology and the Built Heritage
- 4.10 Planning Policy Statement 8 (PPS8) – Open Space
- 4.11 Supplementary Planning Guidance including ‘Creating Places’, Development Control Advice Note 8 Housing in Existing Urban Areas, and Parking Standards.

5.0 Statutory Consultee Responses

- 5.1 NI Water - No objection
- 5.2 DARD - Rivers Agency - No objection
- 5.3 DFI - Roads – Awaiting final response
- 5.4 DFC – Natural Heritage – no objections subject to conditions

6.0 Non - Statutory Consultee Responses

- 6.1 BCC Environmental Health - No objection subject to conditions
- 6.2 Shared Environmental Services – No objections subject to conditions
- 6.3 Tree Officer- No objections subject to conditions

7.0	<p>Representations</p> <p>The application has been neighbour notified and advertised in the local press and a significant volume of representations have been received. 664 received by 16th May 2018. This figure includes a high number of pro forma representations.</p> <p>No written representations from any elected representatives have been received. However Councillor Brian Heading SDLP, MLA Órlaithí Flynn Sinn Féin and Councillor Séanna Walsh Sinn Féin attended meetings facilitated by BCC planners to listen to concerns raised by the local residents group.</p>
8.0	<p>Other Material Considerations</p>
8.1	<p>None</p>
9.0	<p>Assessment</p>
9.1	<p>The key issues in the assessment of the proposed development include:</p> <ul style="list-style-type: none"> • The principle of the development at this location; • Design and layout; • Impact on the Character of the Area; • Impact on amenity; • Impact on the setting of a listed building • Trees and Landscaping • Traffic Movement and Parking • Drainage and Flooding • Impact on flora and fauna • Environmental Health
9.2	<p>Planning permission is sought for 45 dwellings and 8 apartments and associated access road, parking and landscaping (53 units in total) in addition to open space, landscaping, and associated access infrastructure. Due to the nature of the proposal, the BUAP, dBMAP and regional housing policies are significant policy considerations.</p>
9.3	<p>The SPSS sets out five core planning principles of the planning system, including improving health and well-being, supporting sustainable economic growth, creating and enhancing shared space, and supporting good design and place making. Paragraphs 4.11 and 4.12 require the safeguarding of residential and work environs and the protection of amenity. Paragraphs 4.13-17 highlight the importance of creating shared space, whilst paragraphs 4.23-27 stress the importance of good design. Paragraphs 4.18-22 details that sustainable economic growth will be supported. The SPSS states the majority of PPS's remain applicable under 'transitional arrangements' including PPS3 and PPS7.</p>
9.4	<p>Principle of proposed development Use</p> <p>The site is located within the development limits of Belfast in the BUAP 2001 and dBMAP 2015. It is zoned for housing under zoning ML/03/06 in dBMAP. Planning permission for a residential use was previously approved under reference S/2002/0343/F: planning approval for 50 units including apartments, townhouses, semi-detached and detached dwellings. This permission was not implemented and lapsed in October 2007.</p>
9.5	<p>Given the planning history, development plan zoning and the surrounding context which is predominantly housing, the principle of housing at this site is acceptable subject to detailed considerations set out in PPS7, and the addendum to PPS 7. A mix of housing types is proposed including apartments, semi-detached and complex needs units. A mix of dwelling types is encouraged in regional policy to assist with social inclusion and other benefits. These types are evident in the locality historically.</p>

9.6	Accordingly, the dwelling types are acceptable in principle. The proposal will also contribute to the goals of the Belfast Agenda through the delivery of social housing for the city.
9.7	<p>The site is zoned for housing under zoning ML/03/06 dBMAP 2015. The zoning lists a number of key site requirements which are all met. They are as follows and will be assessed in greater detail under the topic sections.</p> <ul style="list-style-type: none"> ● <i>Housing development shall be a minimum gross density of 20 dwellings per hectare.</i> ● <i>Access shall be from Upper Dunmurry Lane. Detailed consultation with Roads Service, DRD shall be required to identify any necessary improvements to the road network/public transport/transportation measures in the area, to facilitate development of the site. A transport assessment may be required to identify such improvements.</i> ● <i>All existing trees, shrubs and hedgerows within the site and on the boundaries shall be retained, unless the Department determines that such vegetation is not of a quality to merit retention or is required to be removed to facilitate a safe means of access to the site.</i> ● <i>A flood risk assessment of the Derriaghy River adjacent to the western boundary of the site shall be carried out and submitted to the Department to inform proposals for the development of the site.</i> ● <i>A 3 metres wide landscape buffer of trees and hedges of native species shall be planted along the western boundary of the site adjacent to the Derriaghy River.</i> ● <i>An archaeological survey of the site shall be carried out and submitted to the department to inform proposals for the development of the site.</i>
9.8	<p>Design, layout, character and Appearance of Area and Amenity</p> <p>The proposal has been assessed against Policy QD 1 of PPS 7. The preamble to PPS7 advises that it applies to all residential applications with the exception of single houses in the countryside. Policy QD1 states that planning permission will be granted for new residential development only where it is demonstrated that it will create a quality and sustainable residential environment. It indicates that housing will not be permitted in established residential areas where it would result in unacceptable damage to local character, environmental quality or residential amenity of these areas. The policy sets out nine criteria which all residential development proposals are expected to meet. PPS12, DCAN 8 and Creating Places relate to housing developments and are also material considerations. PPS7 addendum safeguarding character is also a material consideration and includes three policies LC1-3.</p>
9.9	<p>Layout</p> <p>The proposed layout maximises the size of the site with residential units situated along the outer boundaries with a green open landscaped open space area in the centre of the site and the apartment block located along Upper Dunmurry Lane. Dwellings have been designed to have car parking generally to the front of the dwelling and amenity provision to the side and rear. The layout accords with supplementary guidance in terms of separation distances between proposed and neighbouring existing buildings – with a minimum of around 10m between the rear of new houses and the common boundary and with separation distances between rear elevations generally in excess of</p>

20m. The apartment block is located along Upper Dunmurry Lane. This reflects the immediate context where a number of apartment developments are located just north and south of the site along this road. The layout broadly accords with the suburban character of the locality in terms of built form. The complex needs units are located in the north western corner and the southern end of the site. The remainder of the units consist of a mix of different house types which are predominantly two storey semi-detached dwellings with front and rear gardens. The proposal needs to provide at least 30 units over its 1.5 hectare site in order to comply with the development plan zoning key sight requirement of providing a minimum gross density of 20 dwellings per hectare. There is an objection to the density of development on the site, however, the proposed density of development is considered acceptable in this sustainable location given its proximity to public transport corridors.

9.10

Design & Materials

The proposed materials, design and fenestration are consistent with the area, incorporating a similar, fenestration, and solid to void ratios, and having regard to the previous permissions in the locality. Dwellings generally have ridge heights varying between 5.2m and 8.2m depending on house type. The apartment block is 2.5 storey in height, with a ridge height of 10.2m at its highest point. The proportions of the proposed buildings will create a suitable solid to void ratio to create attractive dwellings which benefit from natural light. The layout includes a larger mass building adjacent to the access which marks the entrance to the site and naturally steps down to the adjacent to two storey buildings. The mass of this building is comparable to the existing apartment blocks in Brooklands Court, to the south of the site and is considered acceptable.

9.11

The scale, massing and proportions of all units including the apartment block are considered to be acceptable and are in keeping with the existing character of the area. The proposed designs are therefore compliant with criteria [g] of PPS7. Accordingly, it is considered that the proposal would not adversely affect the character of the area, which consists of a wide mix of building designs and finishes.

9.12

Amenity

Amenity space provision for both dwellings and apartments are generally well in excess of minimum standards as set out in supplementary guidance, with provision of private amenity space ranging from 60 sqm and increasing to approximately 130 sqm for some units. An outdoor communal garden area is proposed to the rear of the apartment block which provides approximately 120 m² of amenity space. Further amenity provision to the front and sides increases the provision above 205 m². A communal open space area is located centrally within the site (925 sqm approximately), with further amenity areas around the site periphery. Within this suburban context, the level of open space provision is considered acceptable, also taking account of the proximity of public open space within Colin Glen Forest Park. The proposal is therefore compliant with Policy OS2 Public Open Space in New Residential Development. There is no requirement to provide community facilities for a proposal of this scale. The related requirements of PPS 7 and PPS 8 are therefore satisfied.

9.13

Impact on the setting of a listed building

The proposal is in close proximity to 140 Upper Dunmurry Lane, (Grade B+) which is of special architectural and historic importance and is protected by Section 80 of the Planning Act (NI) 2011. Historic Environment Division: Historic Buildings has considered the impacts of the proposal on the building. They have no objection to the principle of the development and are content subject to adequate landscaping around the south eastern corner of the site which has been provided as shown on the landscaping use. It is considered that the

<p>9.14</p> <p>9.15</p> <p>9.16</p>	<p>proposal poses no greater demonstrable harm on the setting under Policy BH 11 (Development affecting the Setting of a Listed Building) of the Department's Planning Policy Statement 6: Planning, Archaeology and the Built Heritage.</p> <p>Impact on Residential Amenity As previously mentioned the site is located within an urban context characterised primarily by residential properties. Houses and apartments are located immediately adjacent to the north and south, of the application site. Semi-detached dwellings feature to the east. An overview of the proposed site layout highlights that the pattern of development is in keeping with the overall character and environmental quality of the wider established residential area. The layout/aspect of all buildings within the site is such that there will be no significant overlooking into neighbouring properties. In addition, there is sufficient separation distances to existing neighbouring properties to ensure that dominance and overshadowing will not occur to an unacceptable degree. The closest proposed dwelling to an existing dwelling is the proposed unit closest to No. 40 Brooklands Grange which has a 10m building to building separation distance and a 3.5m separation distance between the common boundary and the gable wall of No. 40 Brooklands Grange. The gable wall of No. 40 Brooklands Grange is blank and it is considered that the proposal will not detrimentally impact on the amenity of this property. Accordingly, the proposal will not adversely impact on the amenity of existing residents. In terms of prospective residents, each unit has adequate outlook to the public street and external amenity areas. Cross sections were provided which highlights the relationship between the proposal and neighbouring properties. It is considered that the design, layout and separation distances proposed are acceptable and will not impinge on residential amenity via overlooking, dominance, loss of light or overshadowing.</p> <p>All dwelling units and apartments are proposed to be built to a size not less than those set out Policy LC1 Protecting Local Character, Environmental Quality and Residential Amenity of the addendum to PPS 7. The proposal is in accordance with planning policy and it will not have a detrimental impact on neighbouring residential amenity as claimed by objectors.</p> <p>Landscaping The layout includes a landscaping scheme for the areas of open space, within the curtilage of new buildings, and around the site boundaries. As part of the application a number of existing trees are to be retained, including a belt of tree planting adjacent to the Colin River, and those at the most southern boundary of the site. The application proposes approx. 100 + trees of mixed species and ranging sizes from heavy standard to semi-mature in size at the time of planting and to be planted throughout the site. The tree species would appear to suit their specific site locations, and once the trees establish over time, and, if correctly managed as per Landscape Management Plan; Sept 2018 as a group they should help contribute and enhance the sense of character within the development for future years. A number of trees and shrubs will need to be removed prior to the construction of the proposal. The trees are not protected and it is considered that their removal is acceptable given the comprehensive proposed landscaping plans. The planting scheme has been reviewed by the BCC Tree Officer and is acceptable in terms of species proposed. Conditions are necessary to secure provision, maintenance and management of the landscaping proposed. A mixture of boundary treatments are proposed across the site. They include a 3m secure paladin fence and a 2.1m timber boarded fence with extensive planting including 'deterrent' shrubbery to the boundary of Brooklands Grange. The boundary treatments were welcomed by the residents' association at an office meeting with BCC Planning Service.</p>
-------------------------------------	--

9.17	<p>PPS 15 – Flooding and Drainage</p> <p>The Derriaghy River runs along the west boundary of the site. Rivers Agency and NI Water have been consulted on the application, and assessed the submitted flood risk and drainage assessment. The layout demonstrates that the proposed development is to be outside the Q100 flood plain and as such PPS 15-FLD 1 is satisfied.</p>
9.18	<p>Under section 6.32 of Policy FLD 2-Protection of flood defence and drainage infrastructure from PPS 15 it is essential that a suitable working strip is retained to enable DFI Rivers to fulfil their statutory obligations/responsibilities. This has been shown on the plans and the proposal is therefore compliant with FLD 2.</p>
9.19	<p>Following a review of the drainage assessment Rivers Agency has confirmed that the proposal complies with FLD 3-Development and Surface Water.</p> <p>Rivers Agency has also confirmed that Policy FLD5 does not apply to the proposed development as the Poleglass Service reservoir is not a controlled reservoir.</p>
9.20	<p>Traffic, Parking and associated Roads considerations</p> <p>An acceptable movement pattern is proposed with access for motorists, cyclists and pedestrians. Following consultation with DFI Roads, it is considered that the proposal will provide a shortfall of 2 spaces within the curtilage of the apartment block. However, it is considered that, the shortfall is acceptable in this case due to benefits of increased amenity space for the apartment block and taking account of the proximity to public transport links (Glider route) on the Stewartstown Road. The proposal provides a balanced solution to parking needs at the site, and will not compromise the amenity of existing residents in this regard as the layout is not linked to existing residential streets. The majority of spaces are in curtilage and dedicated cycle parking is provided adjacent to the apartment block. This aspect is therefore considered acceptable and compliant with PPS3, associated guidance, and criteria [f] of QD1. DFI Roads were re-consulted with amended plans addressing other technical layout issues. These are not fundamental issues and do not affect the principle of the development. Planning Service is awaiting DFI Roads final response.</p>
9.21	<p>Impact on flora/fauna</p> <p>NIEA Natural Heritage have no objections to the proposal and are content that the proposal will not adversely impact on protected species and habitats. Objections had raised issues with the impact on natural heritage issues such as the impact on bats, birds and badgers. NIEA didn't raise any concerns with this. NIEA provided further comment and reviewed an ecological survey and Japanese knotweed validation report and again highlighted that they had no objections to the proposal. Shared Environmental Services have deemed the proposals acceptable in relation to the Habitats Directive and accordingly have no objection subject to conditions.</p>
9.22	<p>Bin Storage</p> <p>The applicant has shown a bin storage area for the apartments. It is located sufficient distance from neighbouring properties that amenity of residents will not be impacted. Therefore, this aspect is acceptable. A condition is necessary to ensure delivery and retention of this facility.</p>
9.23	<p>Environmental Health</p> <p>Environmental Health has no objections to the proposal in terms of public health matters including noise, disturbance, contamination, and associated matters. If there's evidence of asbestos on the site as alleged by objectors then the onus is on the duty holder (Choice Housing) to manage this as set out in regulation 4 of the Control of Asbestos Regulations 2012.</p>

9.24	<p>Pre-Application Community Consultation</p> <p>For applications that fall within the major category a prescribed in the Development Management Regulations, Section 27 of the Planning Act (NI) 2011 places a statutory duty on the applicant for planning permission to consult the community in advance of submitting an application.</p> <p>Section 27 also requires that a prospective applicant, prior to submitting a major application must give notice, known as a 'Proposal of Application Notice' (PAN) that an application for planning permission for the development is to be submitted. A PAN (LA04/2016/1940/PAN) was submitted to the Council on 8th September 2016. Where pre-application community consultation has been required and a PAN has been submitted at least 12 weeks in advance of the application being submitted, the applicant must prepare a pre-application community consultation report to accompany the planning application.</p> <p>A Pre Community Consultation Report has been submitted in support of this application. It is considered that the Pre-Community Consultation Report submitted has demonstrated that the applicant has carried out their duty under Section 27 of the Planning Act (NI) 2011 to consult the community in advance of submitting an application.</p>
10.0	<p>Recommendation</p>
	<p>Having regard to the policy context and other material considerations above, the proposal is considered acceptable and approval of planning permission is recommended subject to conditions. Delegated authority is requested for the Director of Planning and Building Control to finalise conditions.</p>

<p>Draft Conditions (Delegation of final conditions to Director of Planning & Place Requested):</p>	
1.	<p>The development hereby permitted shall be begun before the expiration of 5 years from the date of this permission.</p> <p>Reason: As required by Section 61 of the Planning Act (Northern Ireland) 2011.</p>
2:	<p>There shall be no construction activities, including storage or dumping of machinery or materials within the buffer zone along the western boundary of the site, as shown on the landscaped masterplan Drawing Number 22A, (date stamped TBC) by the Planning Authority.</p> <p>Reason: To protect the watercourse, associated wildlife corridor and conservation objectives of Belfast Lough SPA/Ramsar</p>
3:	<p>There shall be no direct discharge of untreated surface water run-off during the construction and operational phases into the watercourse along the western boundary of the site.</p> <p>Reason: To protect the watercourse and conservation objectives of Belfast Lough SPA/Ramsar.</p>
4:	<p>Prior to the occupation of each dwelling hereby approved, boundary walls and fencing in association with each dwelling shall be erected in accordance with the approved plans and shall be permanently retained thereafter.</p> <p>Reason: In the interest of privacy and amenity.</p>

5: All soft landscaping works shall be carried out in accordance with the approved details on Drawing Number 22A, (date stamped TBC). The works shall be carried out prior to the occupation of the first dwelling unless otherwise agreed in writing by the Council. Any trees or plants indicated on the approved scheme which, within a period of five years from the date of planting, die, are removed or become seriously damaged, diseased or dying shall be replaced during the next planting season with other trees or plants of a location, species and size, details of which shall have first been submitted to and approved in writing by the Council.

Reason: In the interests of the character and appearance of the area

6: All trees and planting within the site shall be retained unless shown on the approved drawings as being removed. Any retained trees or planting indicated on the approved drawings which become seriously damaged, diseased or dying, shall be replaced during the next planting season (October to March inclusive) with other trees or plants of a location, species and size to be first approved in writing by Belfast City Council.

Reason: To ensure the provision, establishment and maintenance of a high standard of landscape.

7: Prior to any work commencing all protective barriers (fencing) and ground protection is to be erected or installed as specified in British Standard 5837: 2012 (section 6.2) on any trees / hedging to be retained within the site, and must be in place before any materials or machinery are brought onto site for demolition, development or soil stripping. Protective fencing must remain in place until all work is completed and all associated materials and equipment are removed from site.

Reason: To ensure the protection of, and to ensure the continuity of amenity afforded by any existing trees to be retained within the site and on adjacent lands.

8 If roots are accidentally damaged the tree council must be notified and given the opportunity to inspect the damage before it is covered over.

Reason: To ensure the protection of, and to ensure the continuity of amenity afforded by existing trees / hedging.

9: No storage of materials, parking of vehicles or plant, temporary buildings, sheds, offices or fires within the RPA of trees within the site and adjacent lands during the construction period.

Reason: To avoid compaction within the RPA.
