

Appendix 2 - Representation

I wish to object to the granting of a HMO licence to 32 Sandymount street, Belfast. 9

Our area is well over the 30% that was recommended by BMap.
Parking, waste, noise, vandalism, and unkept properties brought on by the large volume of HMOs in our area. Landlords do not want to take responsibility for there tenants.

We need to have a balance community, we need you to reject this and all new applications for HMO licenses in our area of Stranmillis that is up to 80% in most streets in our area.

Please confirm objection.

Ellison Craig. K
