

Proposed Future Development – Writer’s Square

“This Council recognises the significance of Writer's Square to the city of Belfast as a public and civic space and its historical significance. This Council calls upon the Department for Communities to ensure that any development brief relating to Writers’ Square respects the civic use of the Square as a place facilitating lawful protest and celebration. Further, the Council calls upon the Department to ensure that the setting of St Anne’s Cathedral is protected.

The Council will write to the Minister for Communities to that effect.”

Proposer: Councillor Áine Groogan

Seconder: Councillor Gary McKeown

(To be debated by the Council)
